Edition 20 - December 2022

A big year ahead From the President - Laura Finucane

As 2022 draws to an end, we can look back at all that we have achieved and how far we have come in delivering our strategy. We still have some way to go, but I am encouraged by our progress. (You can see what we achieved in the [November 2022 IFOMPT Release](#)).

As we look forward to 2023, the timeline sets out what we have to achieve to set us up for the 2024 conference and IFOMPTs future.

I want to thank all of you who have stepped into the various roles and advisory groups that ensures IFOMPT can deliver its mission and vision. Particular thanks go to those who have chaired the various groups: Duncan Reid, Nathan Hutting Haideh Plock, Anita Gross, and Jonathan Stammers.

I specifically want to thank the EC for guiding the organisation with such drive and commitment. Thanks to the SC for holding each of our MOs to account in ensuring we maintain the high-quality standards we value so much. And of course, to Ingrid who works tirelessly to make sure the organisation runs smoothly and efficiently.

I wish you all a very happy end of the year however you celebrate it, and a very happy and healthy New Year.

Warmest wishes,
Laura
