

Vancouver Echo 6 - January 2026

After a well-deserved Holiday Break, the 2028 Executive is back with a full to do list for 2026.

Please have a look at our accomplishments for 2025 [here](#).

Over the next few months the conference website will launch, the committee structure will be finalized, hotel room blocks and airline discounts will be solidified. Additionally, we are working with an amazing consultant [Nuwave](#) who will ensure that we weave EDI into each and every aspect of the conference.

Watch your inboxes for volunteer follow ups and call outs as we finalize our conference structure with Venue West!
