

Dear IFOMPT Family

A quick update on matters receiving attention at the moment:

1. The Basel 2024 Conference registrations and course registrations have opened. The call for abstracts has also gone out. The conference website has been updated with all the new and exciting information – have a look at <https://www.ifomptbasel2024.org/>
2. IFOMPT will have a small trade stand and also host a networking session at the upcoming World Physiotherapy Congress in Dubai. Please let us know if you will be in Dubai to catch up and come and spend some time in the stand.
3. We have created a social media friendly version of the IFOMPT logo – it will be used exclusively for our social media and will not replace the general IFOMPT logo. It is included below and will shortly appear on our social media accounts.
4. MOs are reminded of the call for Expressions of Interest to host the 2028 IFOMPT Conference. The deadline for submission is 1 June 2023.

Kind regards,

IFOMPT Executive Committee

3 May 2023
